General Information

FEB Bilingual Class Program is an educational program that requires students to be active in various global academic activities. Students taking part in this program will experience the atmosphere of international education.

The Bilingual Class is a bi-language class in which 70% English and 30% Indonesian are taught on a daily basis. In the Bilingual Class, students get used to communicating in English, have more opportunities for international exposure, and have the chance to participate in an international exchange program with partner universities.

Graduating students who take this bilingual class will receive a certificate indicating that they took the class. The certificate will increase a student's credibility when they graduate and apply for jobs.

The admission test is carried out in two stages. *First*, the submitted documents of each applicants will be reviewed by the in charge board of reviewer. *Second*, applicants who pass the document selection stage must attend the interview as the final stage of admission test.

Internationalization Experience

Harmonious Class Atmosphere

Bilingual Class invests in active learning that is intended to promote student engagement in learning as opposed to students passively receiving information.

Global Academic Opportunity

The majority of teaching materials offered in Bilingual Class is global references in English, as well as case studies and supporting reference articles. Bilingual class helps create a learning atmosphere that opens up opportunities to explore more global experiences.

Student Outbound Mobility

Outbound Mobility Program is a program that allows all students to spend one semester at our partner universities abroad. Students will be able to take courses in regular semester with credit transfer opportunity.

International Exposure

By providing students with international exposure to a harmonious class atmosphere, global academic references, and outbound mobility opportunities, helps enhance and broaden their horizons.
